

EV SOLUTIONS

A close-up photograph of a black electric car parked at a charging station. A charging cable is plugged into the car's port. The scene is set during sunset or sunrise, with warm, golden light reflecting off the car's surface and the background. The car is a sleek, modern model, and the charging station is partially visible in the background.

ALL YOU NEED FOR YOUR EV PROJECTS

Domestic & Commercial Chargers | Circuit Protection & Cables | Groundworks | Test Equipment | DC Charging

CREATING A SUSTAINABLE FUTURE

With government goals to reduce emissions by 45% by 2030 and zero-carbon emitting fleet cars and vans by 2027, we're here to help you make the right choices.

The innovations in EV technology along with our extensive product range and expertise means we are best placed to help you get what you need.

- 50+ Branches nationwide
- Our greatest stock offer ever with FREE* next day delivery. (Order by 5pm)
- Quality, high performing products from trusted leading brands
- Solutions for every sector: commercial, residential & industrial
- Access to EV installation training courses
- EV specialist colleagues
- All the products, materials & services you need to do the job right

Stock Availability

*Products that are available next day are highlighted in green. All other products are available within 2-3 days.

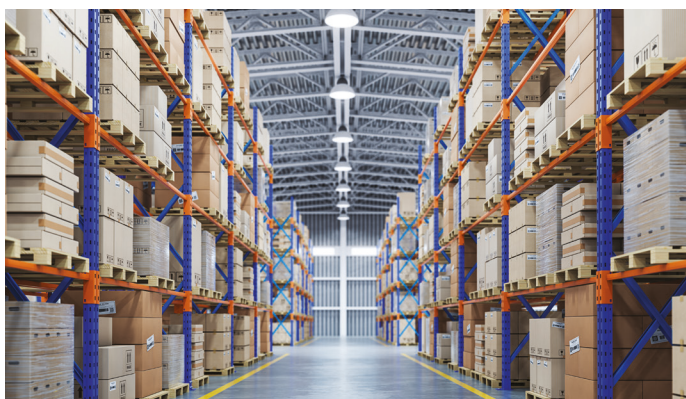

DC Charging products may require a longer lead time & require specialist handling - please contact your local branch for further details.

More Stock

We've invested in a brand new 186,000 sqft distribution centre with the latest robotic technology for fast, accurate order picking. It's now in operation and backing our branch network with our greatest stocks ever.

Plus, all your essential & locally tailored products readily available off the shelf from your local branch.

Help is at hand

- Speak to our experts in local branches or your Account Manager
- Our Digital Contact Centre is on hand to help with any questions: 0330 045 0601
- Email: customersupport@denmans.co.uk
- Live chat – (yes, it's a real person!) - [Denmans.co.uk](https://www.denmans.co.uk)

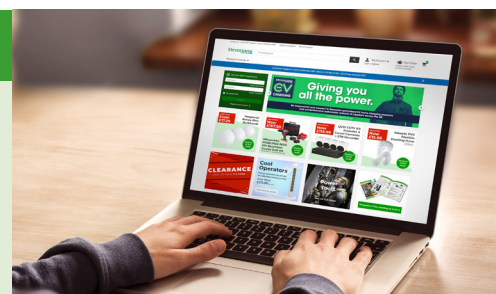

LET'S GO DIGITAL!

You already know our branches are there with a welcome & a free coffee if you want to pop in to collect or get advice, but have you thought about the alternative - online ordering? We've made it quick & easy to search & buy with no fuss. Here's just some of the great reasons to try us online:

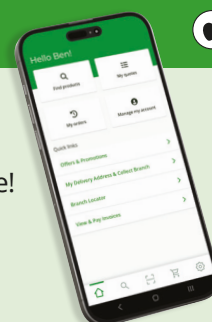

Easy to search

- Check stock in real time / grid view with filters to help you search
- Personalised pricing when you log in
- Favourites & previously bought products, even when searching
- Digital catalogues – just add products to cart

Easy to order

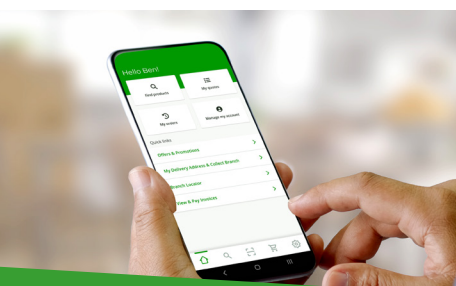

- Create job lists, share & add to cart
- Easy basket builder - order in one click
- Request a quote online – fastest ever service!
- Convert quotes to orders in one click
- Scan QR code to download our new app: for barcode scanning & more!

Easy to get your products

- Free delivery to UK locations
- Order by 5pm for FREE* next day delivery of stock items
- Click & collect in 1 hour from 50+ nationwide

*Products that are available next day are highlighted in green. All other products are available within 2-3 days.
DC Charging products may require a longer lead time & require specialist handling - please contact your local branch for further details.

Easy admin

- Easy access to your account details
- View invoice status, download / print / pay invoices online
- View account summary / statements / order history
- Online proof of deliveries

THOUSANDS of products in branch, over 28,000+ online!

EVO Smart EV Charger

ROLEC

- Plug & go, mobile app or RFID
- controlled charging
- Universal charging socket
- Up to 7.4kW or 22kW charging output
- Free ROLEC EVO mobile app
- 2x EVO RFID charging cards included
- Scheduled / off-peak charging
- Surplus solar charging compatible
- PME fault detection*
(no earth rod required)
- Dynamic load balancing
(CT clamp & cable included**)
- Three to Single Phase switching
(22kW model only)
- OCPP 1.6 compliant
- AC 30mA Type-A and DC 6mA protection
- 4G (22kW model only) / Wi-Fi / Ethernet connectivity
- Strong and durable IP54 / IK08 rated
- Corrosion and fire resistant
- Wall or post mounting options
- OZEV grant fundable
- 5 Year warranty

*Selectable on installation of 22kW
Three Phase model

**Single Phase models only, Three
Phase models require optional CT kit

Order No.	Model No.	Power	Supply	Connection	Colour
2503018933	ROLEC5011	Up to 7.4kW	Single	1x Universal Socket	Daytona Grey
2503018934	ROLEC5013	Up to 22kW	Three	1x Universal Socket	Daytona Grey

Rolec EVO Mobile App

- 3 charging modes:
 - ECO** uses solar by day and scheduled grid power at night for cheaper charging
 - ECO+** uses only surplus solar energy to charge
 - CHARGE NOW** offers a maximum charge at any time
- Surplus solar compatible
- Schedule charging
- RFID activation
- View charging state
- Multi user access
- Usage analytics
- Fault notifications
- Security log & alerts

ROLEC

QubEV Smart EV Charger

ROLEC

- Universal charging socket or Type 2 tethered lead
- Power rating – Up to 7.4kW or 22kW models
- Adjustable power rating – 10A, 13A, 16A & 32A
- Free QubEV Smart Wi-Fi app
- Scheduled / off-peak charging
- Solar compatible (single phase models only)
- PEN fault and residual current protection (AC 30mA Type A, DC 6mA)
- Dynamic load balancing (CT clamp(s) & cable(s) included)
- OCPP 1.6J Compliant 1.6 compliant
- Built-in LED charging status indicator
- UK Smart Charge Point Regulations Compliant including tamper security
- Wi-Fi / Ethernet connectivity
- IP54 & IK08 rated
- Corrosion and fire resistant
- CE and UKCA certified
- Easy to install and maintain
- Wall or post mounting options
- OZEV grant fundable
- 3 year warranty

Stand Alone Remote Payment Terminal

ROLEC

- NFC contactless payment solution for multiple EV chargers
- Compatible with all ROLEC EV chargepoints (except QubEV)
- 3.5" LCD backlit touch screen display
- Market-leading Payter contactless terminal
- Supports pin entry for unattended environments
- Integrates with chargepoint management back-office
- Real-time transactions & data reporting
- Customisable advertising screen (great for promotions or branding)
- Over-the-air firmware / software updates
- Built-in surge protection
- 4G / Wi-Fi / Ethernet connectivity
- Waterproof & vandal-proof IP65 / IK09 rated terminal
- Strong and durable IP66 / IK10 rated enclosure
- Wall or post mounted
- Designed & manufactured in the UK
- 3 year warranty

EV Charging solutions and accessories

Wall Charger 2

22kW with Wi-Fi, LAN, 4G and RFID

- Dynamic charging up to 22kW on three-phase AC power
- Wi-Fi, Ethernet, 4G and RFID
- Type 2 socket with auto-lock
- Interchangeable front fascia, change the shade or colour!
- Powered by Monta – Integrated SolarCharge – Leverage your surplus green energy from your solar panels and reduce charging costs
- Improved ease of installation

7kW with Wi-Fi, LAN, 4G and RFID

- Available as Socketed or Tethered
- Dynamic charging up to 7.4 kW (32A)
- Wi-Fi, Ethernet, 4G and RFID
- Type 2 socket with auto-lock
- Interchangeable front fascia, change the shade or colour!
- Powered by Monta – Integrated SolarCharge – Leverage your surplus green energy from your solar panels and reduce charging costs
- Improved ease of installation

EV Wall Charger Gen 2

- Type 2 socket with Auto-lock
- Dynamic charging
- Single phase 7.4kW & 3 phase 22kW versions available
- WIFI & 4G option available
- Fully OCPP 1.6J compliant
- No earth rod required
- Integral RCD with 30ma AC & 6ma DC detection
- 3 Year warranty

- Option to subscribe to the platform to send alerts via SMS & email
- Modbus connection for 3rd party building management systems
- Options available with T1 & T1+2 SPD & TPN & DP RCBOS & MCBS

Order No.	Model No.	Description
2501673270	Guardian GES	Guardian with Pre-Wired Enclosure & O-PEN® Technology
2501673271	Guardian TP	Guardian Stand Alone Panel Meter with O-PEN® Technology
2503009553	GPC-3-32-TP-R-SPD	Guardian with pre-wired enclosure & O-PEN® technology with SPD & 3 x 32A TPN RCBOS

Single Phase Units

- Built in matt:e technology
- NO EARTH ELECTRODES REQUIRED
- BS:7671 2018 Amendment 1 2020 compliant
- Suitable for 1 x 32amp load
- Built in Type A RCBO
- SPD Option available
- Simple wire in wire out connection
- Standard mild steel IP2X enclosure
- Other Options available
- Standard 3 year parts warranty

Order No.	Model No.	Description
2501292700	SP-EVCP-R	Single-Phase Unit with 32A Double Pole Type A RCBO
2501673254	SP-M-SPD	Single-phase PEN Fault Protection with MCB & Type 2 SPD

Single Phase MCBs with Pen Fault

- Built in PEN fault protection
- NO EARTH ELECTRODES REQUIRED
- Manual or auto reset function (PEN fault only)
- Available as 40A & 100A
- Small footprint
- Simple wire in wire out connection
- Standard 1 year parts warranty

Order No.	Model No.	Description
2501673270	MTE/A 3P 40A	Single-Phase PEN Fault Protection & 40A MCB
2501673271	MTE/A 3P 100A	Single-Phase PEN Fault Protection & 100A MCB

MCU 40 Amp Type A RCBO & PME Fault

- 6 way metal enclosure with PEN fault device type A RCBO
- Type A RCBO (DC leakage monitoring needs to be in the charge point) or you will require a TYPE B PME board
- Can be used with any EV manufacturer charge point that does not have PME detection
- Single phase install only

Order No.	Model No.	Description
2501353699	G6EV40PME	MCU 40 Amp Type A RCBO & PME Fault

EV Priority Board 40A RCBO

- Simple way of load management prioritising one heavy load over another in a single phase dwelling
- 6 Way metal board
- Load control
- Single phase
- Load shedding relay & contactor
- 40 Amp RCBO
- Type A characteristic

Order No.	Model No.	Description
2501353700	GM6PS	EV Priority Board 40A RCBO

4 Way Metal Enclosure Type A RCBO

- Type A characteristic
- 40 Amp RCBO
- 4 way EV Board
- Metal enclosure
- RCBO Included
- Consumer unit
- 18th edition
- 5 Year warranty

Order No.	Model No.	Description
2501353697	G4EV40	4 Way Metal Enclosure Type A RCBO

RCBO 40A 2 Pole 30mA Char C

- Residual current circuit breaker with integral overcurrent protection
- The breaker is a 'Type A' RCBO & is capable of protecting a system
- 5 Year warranty

Order No.	Model No.	Description
2501401427	RCBOGRC40	RCBO 40A 2 Pole 30mA Char C

DLM Meters

- Dynamic Load Management Meter & energy consumption
- MID certified
- Modbus RS485 communications
- Displays I, V, Hz, KW, KVA, KWH
- 5 Year warranty

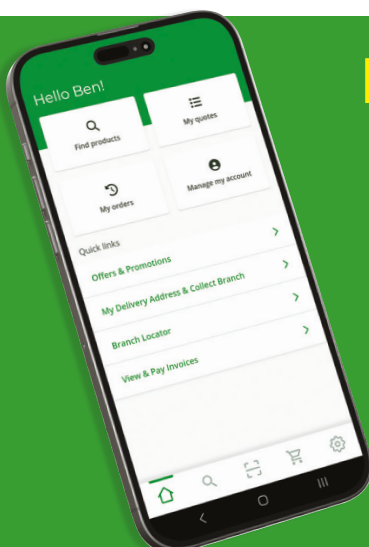

GNM1D-100-RS485

GNM3D-RS485

Order No.	Model No.	Current	Power	DLM / Energy Consumption
2501353691	GNM1D-100-RS485	Single Phase	100 Amp	DLM
2501353693	GNM3D-RS485	Three Phase	65 Amp	Energy Consumption
2501353692	GNM1D-RS485	Single Phase	45 Amp	Energy Consumption
2501353694	DLM300	Three Phase	300 Amp	DLM
2501353695	DLM600	Three Phase	600 Amp	DLM

EV Chargepoint Accessories

ROLEC

- Rolec's EV consumer units are ideal for the installation of an EV chargepoint which has built-in DC Protective Device & PME Fault Detection
- RFID cards & fobs are ideal for workplaces, fleets and residential shared charging allowing the host to issue drivers or vehicles (VRM) with a simple tap on/tap of charging solution
- CT clamp & 5m cable – Enables load balancing and the monitoring of renewables

EV Consumer Units – Metal Clad Enclosure

Order No.	Model No.	Description
2501516895	EVIN0010	20A Single Phase with Type A RCBO
2501516896	EVIN0015	40A Single Phase with Type A RCBO
2503008892	EVIN0025	40A Single Phase EV Consumer Unit with Type B RCD / MCB
2501516897	EVIN0070	20A Three Phase with Type A RCBO
2501516898	EVIN0075	40A Three Phase with Type A RCBO
2503008893	EVIN0085	40A Three Phase EV Consumer Unit with Type B RCD / MCB

RFID Cards & Fobs

Order No.	Model No.	Description
2501516899	RFID0010	RFID Card
2501516900	RFID0020	RFID Fob

CT Clamp

Order No.	Model No.	Description
2501516894	ACSR0125	100A up to 35mm ² screened CT clamp with 10m cable

EV Circuit Protection Boards

- EV Charger Circuit Protection
- Includes Type 2 Surge Protection Device
- IP65 Rated

IP65 Type A RCD 40A MCB Type 2 SPD

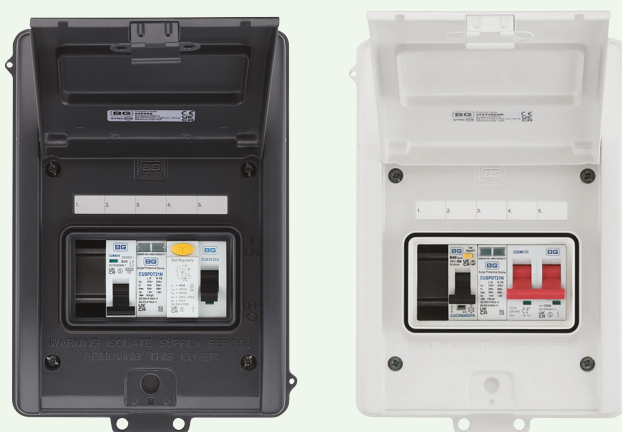

Order No.	Model No.	Current	Modules	Colour
2501626832	CFEV5A-01	40A	5	Grey
2501626837	CFEV5AW-01	40A	5	White

IP65 Type A RCBO Double Pole 100A Main Switch Type 2 SPD

Order No.	Model No.	Current	Modules	Colour
2501626838	CFEV5RDA-01	40A	5	Grey
2501626839	CFEV5RDAW-01	40A	5	White

IP65 40A MCB 100A Main Switch Type 2 SPD

Order No.	Model No.	Current	Modules	Colour
2501626778	CFEV6-01	40A	5	Grey

EV Charging Cables

ROLEC

- Plug to plug Mode 3 EV charging cables to suit every EV and PHEV on the market
- 5m & 10m versions available
- IP54 rated
- 10,000 mating cycles
- Impact resistant 'run over' proof

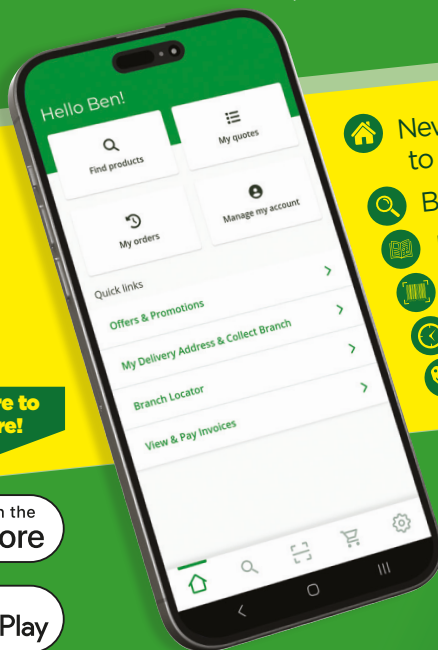

Order No.	Model No.	Description
2500511850	EVPP0160	5m 32A Type 2 to Type 1
2500837395	EVPP0163	10m 32A Type 2 to Type 1
2500511844	EVPP0100	5m 32A Type 2 to Type 2
2500952377	EVPP0107	10m 32A Type 2 to Type 2
2500627004	EVPP0105	5m 32A 3 Phase Type 2 to Type 2
2501458532	EVPP0108	10m 32A 3 Phase Type 2 to Type 2
2500837396	EVPP0320	EV Charging Lead Carrying Bag

EV Chargepoint Signage & Protection Barriers

ROLEC

- Highlight your EV charging facility with an aluminium screen printed EV charging station sign
- Protect your EV charging pedestal with a galvanised steel powder coated barrier

Order No.	Model No.	Description
2500633262	EVPS0010	A4 Landscape Aluminium EV Parking Sign
2500633263	EVPS0020	A5 Landscape Aluminium EV Parking Sign
2500633259	EVCB0020	Root Mount EV Chargepoint Protection Barrier (48mm)
2500633261	EVCB0040	Surface Bolted EV ChargePoint Protection Barrier (48mm)

EV Blocks

EV BLOCKS.COM

- Precast concrete EV charger bases for EV charging stations
- 100% Recyclable
- Suitable for all weather conditions
- Made with 35% reduced carbon concrete

Compatible with
EV TOWER

Order No.	Model No.	Description
2501654267	EV BLOCK MINI	EV Block 300x300x450mm 78kg
2501654268	B500+	EV Block 500x500x400mm 106kg
2501654269	B600	EV Block 600x600x400mm 192kg

Park Aid Wheel Stop

MORAVIA

- Stop damage to EV Chargers
- Prevents vehicle collisions
- Fixings included

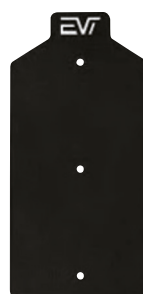

Order No.	Model No.	Description
2501599008	284.20.975	Park-Aid Wheel Stop 1800mm Black/ Yellow Fixings Included

EV Tower

- The EV Tower Essentials Post, fabricated from Grade 304 stainless steel, includes cable routes for both rear & bottom entry chargers & is compatible with all EV Tower charger mounting plates
- Can be used with the E BLOCK MINI - 2501654267 (See left)
- Various Mounting plates to suit most EV Chargers available

Order No.	Model No.	Description
2501659317	EVT56-SS	EV Tower Post
2501601214	EVT17	EASEE Plate
2501659318	EVT21	Ohme HomePro Plate
2501659319	EVT98	Ohme Epod Plate
2501601215	EVT09	Zappi Plate

Test Equipment

IET Code of Practice for Electric Vehicle Charging

Order No.	Model No.	Description
2501136926	PIETEVC20	IET Code of Practice for Electric Vehicle Charging

ChargeCheck

ROLEC

- Simulates an electric vehicle
- Simulates and tests IEC 61851-1 Mode 3 communication compliance
- Tests J1772 (Type 1) charging points and Tests IEC 62196 (Type 2)
- Tests for correct Live – Neutral – Earth polarity
- Provides test socket for Earth loop impedance test
- Provides test socket for RCD / RCBO trip time and sensitivity test
- Includes a 1 metre J1772 (Type 1) to IEC 62196 (Type 2) adapter cable

Order No.	Model No.	Description
2500580418	EVTU0018	ChargeCheck:EV Charging Unit Tester

MFT-X1 Multifunction Tester

Megger

- Designed for testing single & 3-phase installations
- Brand new features including full colour screen, RCD configurator & EV charge point testing
- Fully compatible with CertSuite for easy certificate generation & reporting
- TrueLoop measurement using patented confidence meter
- 3 Year warranty

Order No.	Model No.	Description
2501552529	1012-223	MFT-X1 Multifunction Tester

eMobility Testing Equipment

FLUKE

- As the electric vehicle (EV) market accelerates, so do the needs for electric vehicle supply equipment (EVSE) from installation to critical infrastructure maintenance
- Fluke offers a range of eMobility solutions including electrical testers, insulation testers, thermal cameras & EVSE testers to help you perform fast, accurate measurements for efficient routine checks & troubleshooting of EVSEs, all while providing the highest level of safety

Order No.	Model No.	Description
2501665506	FEV350/TY2	FEV350 EV Charging Station Analyser Kit for Type 2 Connector
2501665507	FEV350/TY2 PRO	FEV350 EV Charging Station Analyser Kit for Type 2 Connector with TruTest Software License
2501665508	FEV350/TY2/TY1	FEV350 EV Charging Station Analyser Kit for Type 1 & 2 Connectors

UltraCharge 30 ROLEC

- Plug & go, app, RFID or contactless payment (optional extra)
- Offers 1 x DC charging output
- Up to 30kW charging speeds
- OCPP 1.6j Compliant (can integrate with any back-office)
- Supports static and dynamic load management
- 8" HD user interface touch screen
- Under/overvoltage, DC overcurrent, over-temp & surge protection
- 4G / Ethernet connectivity
- IP55, IK10 protection rating
- 5m charging cables (4.5m external), longer optional
- Conforms with the PAS 1899 accessible charging standard
- 2 year warranty (extended warranty available upon request)

Order No.	Model No.	Description
2503008875	EVDC7010	UltraCharge30 - 30kW Output 1 x 5m CCS Connector (Floor Stand Optional)
2503008878	EVAD7010	UltraCharge30 - Floor Stand
2503008895	EVAD7020	UltraCharge 30 Dual Mounting Pedestal
2503008879	GMUC0010	UltraCharge 30 Galvanised Steel Ground Mounting Base

Stock Availability

*Products that are available next day are highlighted in green. All other products are available within 2-3 days.

DC Charging products may require a longer lead time & require specialist handling - please contact your local branch for further details.

ROLEC

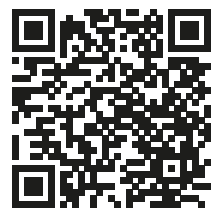

Leading UK Manufacturer
& Supplier **Since 1990**

Introducing the most competitive 30kW DC charger on the market

The ULTRACHARGE 30 is an ideal compact, minimal investment solution for businesses implementing rapid EV charging for customers, staff, and fleets. It can easily integrate into most commercial premises with a low-grid connection requirement of only 55A on a Three Phase supply.

Easy to
install &
operate

B800D EV Block for Rolec Ultra Charger

EV BLOCKS.COM

- Pre-Cast Concrete EV charger base with a universal adaptor plate
- Blocks can be fitted for future-proofing an installation
- Uniform finish every time
- 100% Recyclable
- Can be installed in any weather conditions
- Made with 35% reduced carbon concrete
- Weight: 658kg (Specialist handling required)

Order No.	Model No.	Description
2503009549	B800D	Universal DC EV Charging Foundation
2503009550	B800D-AD	Adaptor Plate - Stainless Steel
2503009551	B800D-ASSEM	Assembly kit for the B800D Foundation block
